

Muhammad Mudassar Sattar

Software Engineer

Competent, enthusiastic, and responsible IT professional with excellent academic and professional background looking for a career building job.

EXPERIENCE:

InVision (December 2023- Current):

Software Quality Assurance Engineer:

- **Manual Testing:** Conducted comprehensive manual testing to ensure software quality and adherence to industry standards.
- **Collaboration:** Worked closely with development teams to identify and resolve quality issues, leading to a 100% reduction in bug reports.
- **QA Processes:** Implemented and refined quality assurance processes, enhancing overall software reliability and user satisfaction.
- **Test Plans:** Developed and executed detailed test plans and cases based on requirements and specifications, ensuring thorough coverage and effective issue detection.

Rise Tech in Islamabad (June 2024 - Current):

Front End Developer in React:

Currently, as a Front-End Developer at Rise Tech, I have had the opportunity to work on several dynamic projects where I utilized React to build responsive and interactive user interfaces. My role has involved:

- **React & Front-End Technologies:** Extensive experience with React, JavaScript, HTML, CSS, and responsive design frameworks.
- **State Management:** Proficiency in using Redux and Context API for managing application state.
- **Testing & Debugging:** Familiarity with testing libraries such as Jest and React Testing Library to ensure code quality and reliability.
- **Version Control:** Experience with Git for version control and collaboration on projects.

Codex IT Solution Multan (june 2022 – September 2022):

Front End Developer in Web Development:

- **HTML & CSS Expertise** Strong expertise in creating well-structured, visually appealing, and responsive websites.
- **Bootstrap Proficiency** Proficient in using Bootstrap for efficient, responsive, and mobile-first design.
- **Cross-Browser Compatibility:** Ensured compatibility across various browsers and devices for improved user experience.
- **Collaboration & Problem-Solving:** Worked effectively with design teams to translate wireframes and mockups into functional web pages, and collaborated with back-end developers to integrate APIs and other functionalities.

EDUCATION:

BS in Software Engineering

COMSATS University Islamabad, Vehari Campus (2020-2024)

CERTIFICATION:

TECHNICAL:

- **LinkedIn Learning:** Advanced CSS and Sass
- **Udemy:** Mastering Bootstrap 4
- **Udemy:** JavaScript for Web Developers
- **Coursera:** Responsive Web Design
- **LinkedIn Learning:** Front-End Web Development Foundations
- **Udemy:** HTML and CSS for Beginners
- **Udemy:** Modern React with Redux
- **LinkedIn Learning:** React.js Essential Training

BEHAVIORAL:

- **Communication and Social skills**
